**This is a public input
forum.**

**We want to hear from
you!**

**How do you want to
shape the future of
Milton?**

**Be a part of the
planning process.**

• • •
The City of Milton's Community Development Department and the Comprehensive Plan Advisory Committee (CPAC) are hosting a Community Workshop to kick off the final stage of the City's 2008 - 2028 Comprehensive Planning Process: the Community Agenda. The Community Agenda is the implementation strategy document of the Comprehensive Plan.

The Visioning Workshop will include a review of the planning process to date, a presentation of new data collected, Milton's Character Areas, and a visioning exercise. This is a public input forum to discuss the comprehensive plan policies, issues and opportunities, likes and dislikes.

The Community Agenda is the comprehensive guiding document for the future of the City. Be a part of the planning process!

For more information contact the Community Development Staff:
