**Meeting Notes**

- Meeting called to order by Chair, Brian Maloney
- Introductions of those in attendance
- Approved March and April meeting minutes
- Gravel-pave product presentation and discussion
  - Looked at 2 different products: Tufftrack and EZ Roll
  - EZ Roll is more applicable for multi use trails
  - Can use a variety of materials
  - Use test segment to look at different materials
- Test segment discussion
  - Construct on a future trail section
  - NDS to provide 4' wide x 500' long roll for test segment
  - NDS to provide material selection provider
  - Need contractor to install
  - Funds to install test segment
  - Segment could be 8' wide x 250' long or 4' wide x 500' long
  - Location that would need minimum grading
  - Recent waterline construction
  - Look at Freemanville Rd starting at Providence Rd going North
- Milton Trail Development Standards document
  - This is to clarify what the Milton Trail requires of developments
  - Taking to Council as an Ordinance for 1<sup>st</sup> reading on July 21, 2008
  - Provide any comments to Sara by Wednesday July 2, 2008
